RESTAURANT, GARDEN & BAR

Eat, drink, unwind: a city-center oasis

Hotel Josef's restaurant, a bright and airy 130 m² space furnished with timeless Thonet hand-woven cane chairs, houses an authentic in-house French bakery where breads and pastries are made fresh every morning.

A selection of locally sourced meats, cheeses and produce as well as a "healthy corner" with an abundant selection of superfoods and grains and an à la carte menu are served daily each morning.

The lobby bar is open throughout the day for small bites and handcrafted cocktails, an ideal spot for coffee meetings and light meals that can also be reserved for welcome evenings, meet and greets and special events. In good weather the restaurant and bar connect to the adjacent garden, a private urban retreat where café tables and sun umbrellas invite coffee breaks by day and cocktails by night.
